Attend an upcoming Leader in Me Presentation Hosted by Broken Arrow PTA Council

Learn About *The Leader in Me*: How schools around the world are building 21st century skills in students and re-engaging staff towards their common mission.

Based on Stephen R. Covey's new best-selling book, *The Leader in Me*, this vision day highlights schools across the globe that have incorporated The 7 Habits of Highly Effective People and other leadership tools into their everyday curriculum. These schools have all experienced the following great results:

- Students who have the skills and self-confidence to become leaders in the 21st century.
- Decreased discipline referrals.
- Improved academic achievement.
- Increased levels of accountability and engagement among staff.
- Greater satisfaction and involvement among parents.

Based on the success of these schools, FranklinCovey Education Solutions developed *The Leader in Me* process. Designed to be integrated into a school's core curriculum and everyday language, *The Leader in Me* isn't "one more thing" for teachers and administrators to do. It becomes part of the culture, gaining momentum and producing improved results year after year.

This presentation will be lead by Gary McGuey, a FranklinCovey Education Consultant. Gary has partnered with *Leader in Me* schools, leading them on their path of success and greatness. Attend this presentation and be inspired to see how *The Leader in Me* process can impact your school, students, children, and community.

To ensure you receive a *Leader in Me* book
